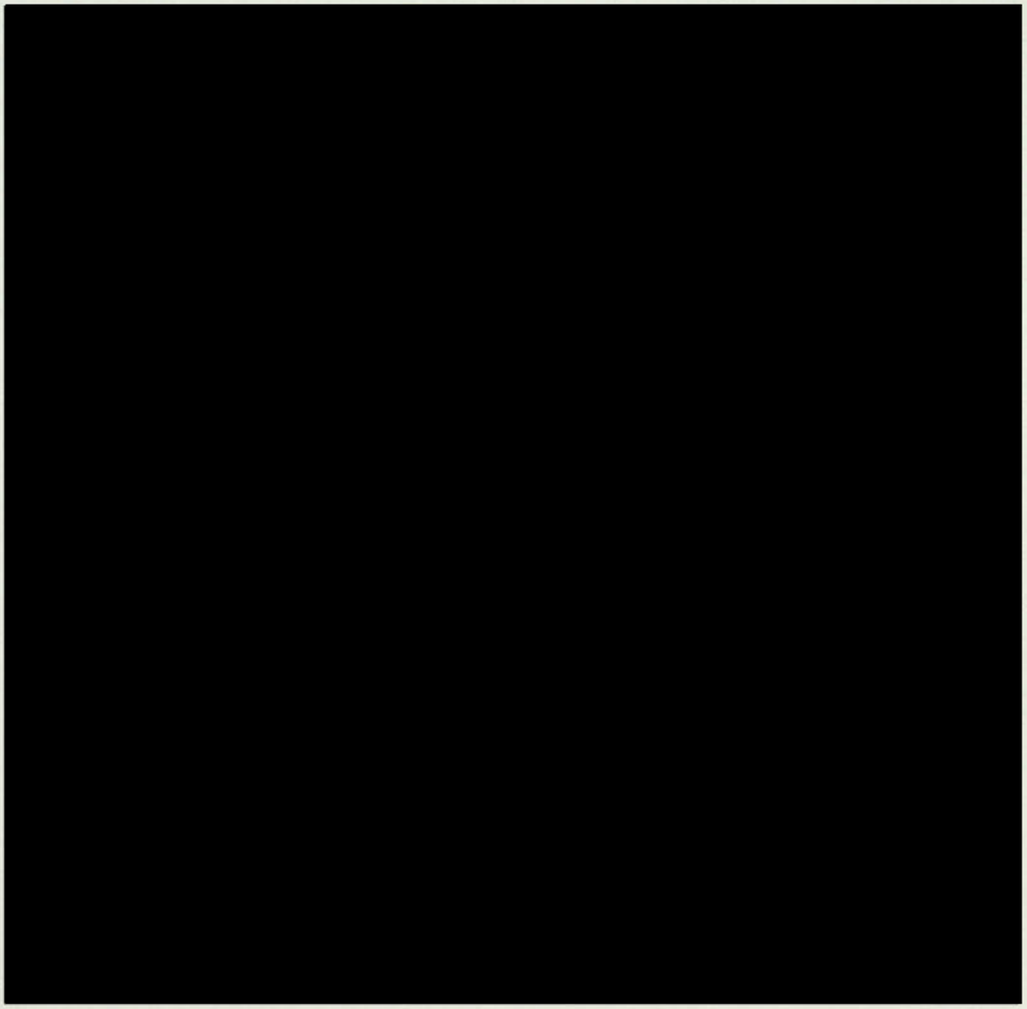
CLASS OF 1992



CLASS OF 1992

A Memory

As I write this, Hardisty has become a wonderful memory. It is September 1992, and those of us who lived, worked and learned in Hardisty during the years 1989 to 1992 have scattered. Many students have moved onto high school, although some still attend Hardisty. Several teachers have left and now work in new schools or other jobs. With students moving, on many parents have also moved to different interests. Change is truly the only constant.

What was it that made our years together so wonderful? It was without a doubt the relationships that were built up between students, staff and parents We all trusted and believed in one another. The energy that resulted from that belief fairly crackled in the school.

As principal during those years, I took great pride in our accomplishments and now have many wonderful memories of those days. It is my hope that what we learned about life while we were at Hardisty will be put to good use in creating similar relationships in the future. My best wishes to all students, staff and parents. To all of you, may the work be satisfying and challenging and successes satisfactory. One can ask for no more.

Til we meet again,

Tom Mowat
Principal

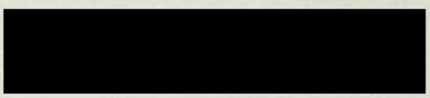
Faculty

A Message from the Students

Three years have passed and it is time to move on to high school. The past three years at Hardisty Junior High have been a time to make new friends, strengthen long time friendships and develop fond memories for the future.

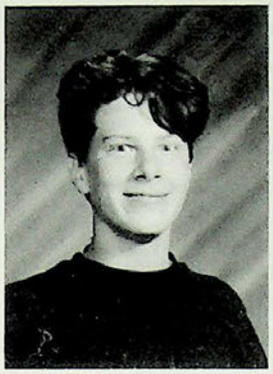
The student body at Hardisty would like to thank everyone who has helped us through the obstacles of junior high. To the teachers and administrators, the valuable time and effort that you have put into the past years is appreciated. You have helped us realize some of our goals and have prepared us for the trials and challenges of high school. To our friends who stood by us and always are here when we need them. A special thanks to all of the volunteers who gave of their time to ensure that the students of Hardisty had that little extra that really counted. And finally to our parents who have helped us grow and develop into young adults. Without your guidance and love, the journey would have been long.

Junior High is a time when you develop your personality, set goals and ambitions and start to develop of life plan. The Graduating Class of '92 would like to wish the students finishing their junior high at Hardisty over the next years the best of luck. And remember that it is the spirit you put into the school that causes the school to be great. Give it all and the school will give it back. As we start high school, the students from Hardisty Junior High go with a clear understanding of the expectations and demands that are going to be set upon us. It is because of the time, caring and quality education that we have received that we are able to go with NO FEAR...



Vicki Kim ***Jaime-Lynn Sopka***

The Graduates of '92



Gordie Andersen

Who are your friends?
Matt B., Darren S., Trevor C., Dan T., Todd C., Rambo and everyone else.
What are your ambitions?
Join army, blow up Hardisty and to become a mercenary.
